~~Mercury Grease Points - 4-Stroke 100-Hour Service . By Tonia Becker October 4, 2019 8 mins read. Managing Mercury grease points is an essential part of 100-hour service. Often, we don't grease early enough for prevention. Instead, we wait until a problem evolves before grabbing the grease gun. It is advisable to grease your engines ...~~

2008 115 HP Mercury EFI 4-stroke fuel problem. Engine recently just started running extremely poorly. At one moment cruising along at 4500 to 5000 rpms the next moment hard to keep from dying then back to running just great. Could a low and/or high pressure fuel filter, fuel module, fuel injectors or ? be the problem.

Find the right parts for your Mercury® or MerCruiser® engine here. Search by serial number to see detailed engine diagrams and part numbers, then contact your local authorized Mercury Marine dealer to place your order. You can also browse by model, but we strongly recommend using your serial number to ensure you find the correct parts.

### ~~Maintenance and How To | Mercury Marine~~

Re-install the spark plugs using only 18 lbs of torque so that you don't crack the porcelain shaft of the plug. Then, re-attach the spark plug wires. On the Yamaha 150 HP engine, they are numbered. On many of the V8 engines, they are split down the left and the right side with each wire only long enough to reach the designated spark plug.
