development is done to communities. Most successful community planning and development is done by and with communities.

Designers, planners, and community developers have seen the benefits of allowing people to use public spaces before making permanent infrastructure investments in them.

places where they live and work. They will be able to:

- choose where they want new homes, shops and offices to be built
- have their say on what those new buildings should look like
- grant planning permission for the new buildings they want to see go ahead.
