Complete Digital Photography, Sixth Edition | Ben Long ...

This sixth edition of Complete Digital Photography has seen a lot of changes from start to finish, but the most profound changes occur in the postproduction chapters of the book because, right now, the most profound changes in photography are happening in software.

The Complete Digital Photography Book

Digital photography has arrived once and for all. No longer do photographers have to be defensive because they prefer digital. Thanks to new technologies, digital cameras at all ends of the price spectrum can rival their film counterparts. If you have shifted from traditional to digital photography, and need to know what's different about shooting digital, this is the book
