SketchUp Pro & Layout by ...

When we profiled architect Nick Sonders' amazing use of LayOut to create full sets of construction documents for his houses, we knew we were on to something big. The deluge of "TELL ME IMMEDIATELY HOW HE DID THAT" sentiment that ensued prompted us to follow up in two ways: We invited Nick to present his workflow at our 3D Basecamp event last month.

Construction Documents Using Sketchup Pro

Produce fully-fledged construction files from 3D model-centred information. Create wire-frames of your model that describe the "CAD" detail. Learn how to make this information appear in plan, section and elevation scenes. Then use this information in LayOut to create top quality construction files.

Creating Construction Docs in LayOut | SketchUp Blog

Most offices use a fraction of sketchup's capability. I am using revit, but if my choices were typical 2d acad or sketchup, I'd use sketchup / layout for many projects. No, you won't document a 50M project in skp. But the program is plenty "precise" enough to do a lot more than tool sheds.
