The Essential Guide to Photography and Copyright Law

This is really useful, Ken. A year ago, while I was traveling in Africa, the Huffington Post stole a picture from my site (they attributed it, but didn't ask permission), and from there, Blackbook, Refinery29 and even Perez Hilton used it from their site--none of whom even bothered to ask me for permission.

Copyright

Publication and other forms of distribution: May be restricted. International News Photos was subsumed by United Press International (UPI). The UPI archives, including International News Photos images, was bought by CORBIS, which controlled the copying of UPI/International News Photos images physically housed in its archives in New York City.

Copyright and Photographers

THE IMAGE MARKET. The control of photographs and other visual resources is a vital issue for both private and public collections. The questions and issues related to who "owns" the rights to use and reproduce photographs are complex and can vary significantly depending on acquisition circumstances, age of the image, provenance, status of the previous "owner" and a number of other variables.
