With 5th Edition, this book is over 1000 pages. Digital Communication is not like programming book (which is full of coding list). It is full of reasoning and math. I can't imagine any person can go through this 1000-page journey. Would it be a good reference/dictionary? Certain it is not except for its size.

Digital Communications Proakis 5th Edition

While I was loathe to purchase this newest edition of Proakis' book on Digital Communications, owing to older editions floating around my lab, I decided it was worth it to shell out the money for this most recent edition. It is fairly concise, and provides an excellent survey of modern digital communications.
