proposes sustainable development as the ultimate goal of “Man's” relation with the environment. It is therefore suggested to “reorient” environmental education (1995b) and moreover, to “reshape” the entire educational process to meet this end (UNESCO, 1992). Obviously, the concept of sustainable development, promoted

Education for sustainable development - Wikipedia

The Journal of Education for Sustainable Development (JESD) is a forum for academics and practitioners to share and critique innovations in thinking and practice in the emerging field of Education for Sustainable Development (ESD). A peer-reviewed international journal, JESD aims at global readership and is published twice a year.

Education for Sustainable Development and Global Citizenship

Education is explicitly formulated as a stand-alone goal – Sustainable Development Goal 4. Numerous education related targets and indicators are also contained within other Sustainable Development Goals (SDGs). Education is both a goal in itself and a means for attaining all the other SDGs. It is not only an integral part of sustainable development, but also a key enabler for it.

Education For Sustainable Development And

Education for Sustainable Development (ESD) empowers people to change the way they think and work towards a sustainable future. UNESCO aims to improve access to quality education on sustainable development at all levels and in all social contexts, to transform society by reorienting education and help people develop knowledge, skills, values and behaviours needed for sustainable development.
