Big Idea: Science

Fabric. Fabric, a material so often taken for granted, makes a fascinating study for early childhood students. In the Fabric module students are introduced to a wide variety of fabrics in a systematic way, so that they become familiar with fabrics' properties, discover what happens when they are tested, and discover how they interact with other materials, including water.

Resources By Investigation - FOSS

MARE Teacher Guides to Marine Habitats is a whole-school, inquiry-based curriculum for grades K-8. The curriculum focuses each grade on a different ocean habitat, exploring standards-based life, earth, and physical science concepts, as well as language arts and visual art. Each unit represents four to six weeks of ocean sciences instruction.

Fabric - Delta Education

The new FOSS assessment system features benchmark assessments. Benchmark assessments are short tests that are given at critical junctures throughout the teaching of a module. The benchmarks serve three functions. First, they provide summative information— achievement data that can be used for grading and accountability.
