To build a go-kart, start by welding a chassis from metal rods, using gussets at the corners to reinforce the frame. Install your rear axle and wheel assembly, then build a seat out of plywood and bolt it to the frame.

The Go-Kart Manual; how to build your own cart, soapbox or ...

Create your own go-kart plans, or download your favorite online plan. We decided to use the plans from Spidercarts and build "The GrandDaddy" version (you can download this plan and more at Spidercarts.com). This two-seater dual suspension kart was just the design Mooney was looking for and would allow his family to join in on the fun.
