~~Human Sexual Response (band) - Wikipedia~~

William Masters and research assistant Virginia Johnson pioneered research on human sexuality. They observed participants in various sexual acts and identified four stages of sexual response. In addition, they treated a variety of sexual dysfunctions. The two married and stayed together for 22 years before divorcing.

~~Human Sexual Response - Jackie Onassis~~

In late 70s/early 80s, Boston was alive with some of the best bands that never made it "big". Human Sexual Response was by far my favorite band. This album lived on my turntable. My brother used to beg me to stop playing Marone Moan and go to bed. I paid no attention to him. I couldn't. It was an addiction between us. The whole album is great.

~~Human sexuality - Wikipedia~~

The sexual response cycle refers to the sequence of physical and emotional changes that occur as a person becomes sexually aroused and participates in sexually stimulating activities, including intercourse and masturbation.

~~Human Sexual Response~~

The human sexual response cycle is a four-stage model of physiological responses to sexual stimulation, which, in order of their occurrence, are the excitement-, plateau-, orgasmic-, and resolution phases. This physiological response model was first formulated by William H. Masters and Virginia E. Johnson, in their 1966 book Human Sexual Response. Since then, other human sexual response models have been formulated.

### ~~Land of the Glass Pinecones by Human Sexual Response~~

The sexual response cycle refers to a series of physical and emotional phases that occur when an individual becomes aroused or engages in sexually stimulating activities. Sexual stimulation during such activities is not limited to penile-vaginal intercourse.

### ~~Masters and Johnson - Wikipedia~~

Sexual response cycle. The sexual response cycle is a model that describes the physiological responses that occur during sexual activity. This model was created by William Masters and Virginia Johnson. According to Masters and Johnson, the human sexual response cycle consists of four phases; excitement, plateau, orgasm, and resolution, also called the EPOR model.
