Teacher's Guide

BANK CREDIT AND ECONOMIC ACTIVITY Carl E. Walsh and James A. Wilcox* The role of banks in regional as well as in national economic fluctuations has been the subject of renewed interest in recent years. With what seems like amazing prescience, Bernanke and Blinder (1988) recently revived the theoretical literature on the role of bank credit

Bank Credit and Economic Activity

In this unit, students learn about the relationship between the government and the economy. Starting with the basics of the market economy, students learn about government regulations on our market economy, where the government gets its money and what the government spends it on, and how banks and
