International Air Law and ICAO - Michael
Milde - Google Books

A basic principle of international air law is that every state has complete and exclusive sovereignty over the airspace above its territory, including its territorial sea. At the turn of the 20th

Download Ebook International Bibliography Of Air Law Supplement 1991-1995

century the view that airspace, like the high seas, should be free was sometimes advanced. But the principle of airspace sovereignty was unequivocally affirmed in the Paris Convention on the Regulation of Aerial Navigation (1919) and subsequently by various other multilateral treaties.
