A physician is currently serving a 36-month prison sentence following his conviction in the Southern District of Indiana on Medicaid fraud. The prosecution was the first health care fraud case to be tried in the district in more than 10 years and was the result of the joint investigation of the state and federal health care fraud task force.

Difference between Market Justice and Social Justice Health care in the United States of America is recognized as one of the most pressing concerns that the country has to deal with. The health care in the United States is provided by different stakeholders some coming from the public sector and other from the private sector.

Principles of justice in health care rationing

Many societies, and nearly all wealthy, developed countries, provide universal access to a broad range of public health and personal medical services. Is such access to health care a requirement of social justice, or is it simply a matter of social policy that some countries adopt and others do not? If
