On September 10, 2015, the Centers for Medicare & Medicaid Services (CMS) announced recipients of a grant award under the MIHI. The grant opportunity is designed to support state efforts to collect and report data to CMCS on a new developmental quality measure to assess progress on the second initiative goal.

Data and Measurement | Medicaid.gov

What is the difference between Medicare and Medicaid? Medicare. Medicare is an insurance program. Medical bills are paid from trust funds which those covered have paid into. It serves people over 65 primarily, whatever their income; and serves younger disabled people and dialysis patients. Patients pay part of costs through deductibles for ...
