mhr functions 11 solutions is available in our digital library an online access to it is set as public so you can get it instantly. Our books collection saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one. Merely said, the mhr functions 11 solutions is universally compatible with any devices to read

**Chapter 3 Quadratic Functions**  
MHR • Pre-Calculus 11 Solutions Chapter 3 Page 13 of 80. Let x and y represent the horizontal and vertical distances from the top of the left tower, respectively. Then, the quadratic function becomes  $y = 1.294(x - 84)^2 - 24$ . If the top of the right tower is considered the origin, then the vertex is at (-84, -24).
