OUTLINE Chapter 1 FR-E540-0.4K to 7.5K(C)

Background: When released, the FR-A024/A044 offered unmatched functionality and reliability in the VFD marketplace. Even though it was only available in the America's market for a few years, the performance and reliability of the FR-A024/A044 series provided the foundation for the future generations of Mitsubishi Electric general purpose inverters.

3HP 230V Mitsubishi VFD, Inverter, AC Drive FR-E520-2.2K-NA

Inverters are variable frequency power supply units which can change the rotation speed of the three-phase induction motors easily and flexibly. High-performance and environmentally friendly inverter compliant with global standards. An extensive range of models are available according to application. More Details
