English language - definition of English language by The

...

Prior to the Norman Conquest, Latin had been only a minor influence on the English language, mainly through vestiges of the Roman occupation and from the conversion of Britain to Christianity in the seventh century (ecclesiastical terms such as priest, vicar, and mass came into the language this way), but now there was a wholesale infusion of Romance (Anglo-Norman) words.

A Brief History of the English Language

The following table contains the top 100 languages by estimated number of native speakers in the 2007 edition of the Swedish encyclopedia Nationalencyklopedin. As census methods in different countries vary to a considerable extent, and given that some countries do not record language in their censuses, any list of languages by native speakers, or total speakers, is effectively based on estimates.

Similarly, because ancient and modern languages like Old Norse and Gothic or Icelandic and Norwegian have points in common with Old English and Old High German or Dutch and English that they do not share with French or Russian, it is clear that there was an earlier unrecorded language that can be called simply Germanic and that must be reconstructed in the same way.

History of English | EnglishClub

Fully updated and expanded, with a fresh redesigned layout, and over sixty audio resources to bring language extracts to life, it covers all aspects of the English language including the history of English, with new pages on Shakespeare's vocabulary and pronunciation, updated statistics on global English use that now cover all countries and the future of English in a post-Brexit Europe ...

What are the origins of the English Language? | Merriam

...

In the 14th century English became dominant in Britain again, but with many French words added. This language is called Middle English. It was the language of the great poet Chaucer (c1340-1400), but it would still be difficult for native English speakers to understand today. An example of Middle English by Chaucer (public domain)

the dominant language of the U.S., the U.K., Canada, Australia, Ireland, and New Zealand. It has become the world's lingua franca.

Weird quirks that make the English language hard to learn ...

Here is a list of important dates in the development of the English language. The selection of events is my own, and the dates are approximate in some cases, but it gives at least some idea of the time-scales involved, and puts the developments into some sort of perspective.

The Adventure Of English - Episode 1 Birth of a Language

...

The English language belongs to the West Germanic branch of the Indo-European family of languages. The closest undoubted living relatives of English are Scots and Frisian. Frisian is a language spoken by approximately half a million people in the Dutch province of Friesland, in nearby areas of Germany, and on a few islands in the North Sea.

The History of English - Timeline

In that sense English is a rather materialistic language. The word *the* is used to help us talk about things, rather than events. *The* is used as a signal meaning that the speaker (/writer) wants the listener (/reader) to understand whether the thing being spoken of is shared (old) information, or new information, worthy of note.

- A Dictionary of the English Language - Samuel Johnson - 1755
