Reviews A whole new e
book with a new point
of view. This is
certainly for all those
who statte there had
not been a well worth
looking at. I am just
very easily could get a
delight of looking at a
created pdf.

Exercise 1 (and
Solution) Create a

program that asks the
user to enter their
name and their age.

Print out a message
addressed to them that
tells them the year that
they will turn 100 years
old. Extras: Add on to
the previous program
by asking the user for
another number and
printing out that many
copies of the previous
message.
