In a recent article,  
Elisabeth Young-Bruehl  
(2011) writes about  
various attempts that  
have been made to  
synthesise  
psychoanalysis and  
political progressivism  
since Freud. The story  
Young-Bruehl tells is  
one version of how to

In contrast, the lessons from psychology have often seemed less clear-cut, no matter how interesting or suggestive they may have been. This situation is now changing. Officials are recognizing that their policies may stand or fall on social, cognitive, and emotional factors that economists have traditionally neglected. Given their position at
