The R5-series astromech droid was a line of low-cost astromech droids built by Industrial Automaton. Based upon the success of prior astromech models, such as the wildly popular R2-series, Industrial Automaton intended the R5-series to cater to budget buyers at the cost of some functionality. Because of their inexpensive construction, however, droids of this series were plagued by a number of ...

Hasbro star wars interactive r2d2 astromech droid robot manual
The R5 series astromech droid was a model of R-series astromech droid. Cut-price versions of superior R2 units, they were low cost, but prone to malfunctions, defects and bad attitudes. Standing 0.97 meters in height they generally had shorter, cone-shaped heads and were equipped with repair arms. R5-D4 was one of the last units produced in the R5 line. R5-D8 and S4 were R5 droids that served ...
