The Archaeology Of Early Egypt

In this authoritative survey of the archaeology of early Egypt, David Wengrow offers a new interpretation of the emergence of farming economies and the dynastic state, c.10,000 to 2,650 BC. Exploring key themes such as the nature of state power, kingship and the inception of writing, Wengrow illuminates prehistoric social development along the Nile through comparison with neighboring regions.

Egyptology And Archaeology In Egypt

"This is a history of ancient Egypt as seen through the lens of archaeological discoveries. Well written and approachable, this volume will engage students and scholars alike." Ronald Leprohon, University of Toronto "A comprehensive approach to the archaeology of one of the world's great ancient societies,...

This is a list of archaeologists - people who study or practise archaeology, the study of the human past through material remains.

Archaeologists Unearth the Oldest Neolithic Settlement in ...

Archaeology had its start in the study of history and in people who were interested in the past. King Nabonidus (556-539 BCE), the last king of the Neo-Babylonian Empire, was interested in the past so he could align himself with past glories. He led a revitalization movement and rebuilt ancient temples.

History of archaeology - Wikipedia

In the 1940s, Egyptian archaeologist Labib Habachi began digging on a mound in the Nile Delta about 40 miles northeast of Cairo called Tell el-Dab'a. Based on his initial finds, Habachi argued the...

Archaeology | Britannica

Egyptology Definition. Ancient Egyptian civilization has a history going back to around 3,000 BC. Egyptology is the study of this history in regards to the language, religion, art, literature and architecture up until about 400 A.D. which marked the end of hieroglyphic writing.

7 Amazing Archaeological Discoveries from Egypt | Live Science

An Egyptian-French archaeological mission in Egypt has made a very rare discovery of a settlement from the Neolithic era, only the second known in the country. This is significant as it will add to the prehistoric knowledge of the region, way earlier than the usual 'Ancient Egypt' finds from the later dynastic periods of pharaohs, tombs and pyramids that dominate the headlines.
