policy as these were operationally frustrated, negotiated and complicated by the ecological regime of the region. As Jon Wilson's *Domination of Strangers* (1) shows, the impossibility of policy at the ontological and practical level of the colonial administration was at work since its establishment in Bengal.

Bengal, present-day Bangladesh, differs a lot economically, environmentally and socially from western Bengal, present-day federal state "West Bengal" of the Indian Union. It helps explaining the overall cultural coherence or homogeneity of the region which came into being in the first half of the twentieth century.
