Non-Mormon Archaeologists Speak on Book of Mormon Evidence. Rick Branch. Two of the most prevalent claims for the Book of Mormon are, "there is much archaeological proof to the Book of Mormon," and "the American Indians are descendants of Israelites who came to America as described in the Book of Mormon.". In fact, several Mormon organizations have been founded in order to prove these very ...

Mounting Evidence for the Book of Mormon

What is required for something to be evidence for a hypothesis? In this fascinating, elegantly written work, distinguished philosopher of science Peter Achinstein explores this question, rejecting typical philosophical and statistical theories of evidence. He claims these theories are much too weak to give scientists what they want--a good reason to believe--and, in some cases, they furnish ...
