## [The C++ Programming Language by Bjarne Stroustrup](#)

The C++ Programming Language is a computer programming book first published in October 1985. It was the first book to describe the C++ programming language, written by the language's creator, Bjarne Stroustrup. In the absence of an official standard, the book served for several years as the de facto documentation for the evolving C++ language, until the release of the ISO/IEC 14882:1998 ...
