Welcome to the Eureka Springs City Auditorium. Built in 1928 The Aud has provided the community members of the City of Eureka Springs and its visitors many opportunities for special entertainment. The venue has created energetic moments with bands like Little Feat, Dr. John, Richie Havens and shared some sweeter moments with performances from the...

City of Bellevue Nebraska

The garden city movement is a method of urban planning in which self-contained communities are surrounded by "greenbelts", containing proportionate areas of residences, industry, and agriculture. The idea was initiated in 1898 by Ebenezer Howard in the United Kingdom and aims to capture the primary benefits of a countryside environment and a city environment while avoiding the disadvantages ...

Eureka Springs Auditorum

The Experimental Prototype Community of Tomorrow (EPCOT) was an unfinished concept developed by Walt Disney. Its purpose was to be a "real city that would 'never cease to be a blueprint of the future'", designed to stimulate American ideas for urban living. The city was planned to be a company town. The "EPCOT idea" was part of Walt Disney's original plan for the property purchased near Orlando ...
