The ProTools system in the Computer Music Studio (B304) and in the Modular Synth Studio (B305) have the same plugins and basic setup as the DRS. If you would like to continue working on your session outside of the DRS, you can either bring an external hard-drive to copy over your files or use "Studio Share".

Build or buy a computer. You can save money on computer costs with a low-end video card since you won't need sharp graphics to produce music. When using the DAWs Pro Tools, GarageBand, or Logic, consider buying a Mac, as these DAWs are either Mac only releases or run optimally with Mac specifications.
