And whilst their book provides admirable, and indeed concise, introductions to the wine regions of the world, it is the section on the blind tasting guide that really piqued my interest. For good measure they also outline the basics of viticulture and vinification, which provides some important clues of how climatic parameters and/or winemaking decisions may influence flavours in the glass.

I'm delighted to announce that the new, third edition of The Concise Guide to Wine and Blind Tasting is now in stock and shipping from the UK warehouse. Just in time for Christmas, phew! Apart from some light reorganizing, refreshing, and enriching, the third edition includes new chapters on the philosophy of wine, Greece, and Georgia, and new sections on Savoie, Irouléguy, Corsica, and Montilla-Moriles.
