The Elementary Forms of the Religious Life Summary ...

In The Elementary Forms of the Religious Life (1912), Durkheim argued that magical rites involved the manipulation of sacred objects by the magician on behalf of individual clients; the socially cohesive significance of religious rites proper (by priests) was therefore largely lacking. Durkheim's views were furthered...

The Elementary Forms of Religious Life Quotes by Émile ...

The need and capacity of men and women to relate socially lies at the heart of Durkheim's exploration, in which religion embodies the beliefs that shape our moral universe. The Elementary Forms has been applauded and debated by sociologists, anthropologists, ethnographers, philosophers, and theologians, and continues to speak to new generations about the origin and nature of religion and society.

The Elementary Forms has been applauded and debated by sociologists, anthropologists, ethnographers, philosophers, and theologians, and continues to speak to new generations about the intriguing origin and nature of religion and society. This new, lightly abridged edition provides an excellent introduction to Durkheim's ideas.

Emile Durkheim - Elementary Forms of Religious Life ...

In The Elementary Forms of Religious Life (1912), Emile Durkheim sets himself the task of discovering the enduring source of human social identity. He investigates what he considered to be the simplest form of documented religion - totemism among the Aborigines of Australia. For...

The Elementary Forms of the Religious Life - Wikipedia

In order to find the elementary form of the religious life in these animistic beliefs and practices, three desiderata must be satisfied: first, since according to this hypothesis, the idea of the soul is the cardinal idea of religion, it must be shown how this is formed without taking any of its elements from an anterior religion; secondly, it ...

The Elementary Forms of Religious Life by Emile Durkheim ...

The elementary forms of religious life Introduction: Through his critical look at the most primitive religion, his epistemological inquiries into the genesis of thought, and his attempt to theoretically account for the functional and universal nature of all religions, The Elementary Forms of Religious Life has proven to be a seminal work both in the academic study of religion, sociology and ...

The Elementary Forms of the Religious Life (1912)

o Apart from the specific question of religion, the Elementary Forms also addresses the question of the nature and origins of categories of human understanding (time, space, class, number, cause, substance, etc.) o Classical philosophy understands human knowledge as a joint result of specific sense perception and universal categories of understanding that correspond to the most general properties of all things.

The Elementary Forms of Religious Life Summary | Study.com

The most ambitious claim of The Elementary Forms, of course, is that the most basic categories of human thought have their origin in social experience; but this claim, Steven Lukes has argued, is not one but six quite different claims which Durkheim did not consistently and clearly distinguish -- the heuristic claim that concepts (including the categories) are collective representations; the causal claim that society produces these concepts; the structuralist claim that these concepts are ...
