discomforting to tolerate the ambiguity of the erotic experience, to accept its mixed motivations, or to observe how the erotic mind has a habit of transforming one idea or emotion into another. And yet if we fail to come to terms with the fundamentally paradoxical nature of eroticism, we set the stage for its negative

## Read Online The Erotic Mind

Rather than a book on sex, "The Erotic Mind" is really a book on eroticism, in other words a study of what turns people on (or off). The author is not really concerned with describing the different possibilities of sexual interaction, but instead he focuses on the internal workings of sexual arousal.
