The Fibromyalgia Story Medical Authority and Women's Worlds of Pain. Kristin Barker. More than six million Americans—most of them women—have been diagnosed with fibromyalgia syndrome (FMS), a disorder that produces muscular-skeletal pain and fatigue. In the absence of visible evidence, a well-understood cause, or effective treatment, many have questioned whether FMS is a "real" illness.

The Fibromyalgia Story: Medical Authority And Women's ...

The fibromyalgia syndrome (fms) story is, at once, both fascinating and unremarkable. It is a fascinating story from a sociological standpoint

because of the multiple forces that came together to facilitate the creation of the diagnostic category and the subsequent social phenomena.
