Texas A&M University

A graduate advisory committee is created specifically for each Ph.D. and Tech Masters student. The members of this committee serve two roles. Firstly, they act as advisors, helping the student to assess research questions and to overcome problems associated with the research. Second ly, the members assess the student's progress.

The graduate advisor handbook : a student-centered ...

In the sink-or-swim world of academia, a great graduate advisor can be a lifesaver. But with university budgets shrinking and free time evaporating, advisors often need a mentor themselves to learn how to best support their advisees. This book demystifies the advisor-student relationship, and provides tips and advice to students and advisors.
