The left always thought Hollywood gave them a monopoly on
cool, but now that monopoly is crashing down as conservatism
emerges into the new counterculture. From this struggle came a
new culture war. The MAGA hats and the Bernie bros are going
at it again. The politically incorrect and the thought police are
fighting a new battle.

Can The Right Win The Culture War?
That's what's been happening in the so-called "culture war" that's been waged in America for decades. As the left ramps up their efforts, too many on the right have chosen to focus on less controversial topics. Looking around, it's clear the left is winning. We have masturbation being taught in grade schools.

The Left at War brings the history of cultural studies to bear on the present crisis—a history now trivialized to the point at which few left intellectuals have any sense that merely "cultural" studies could have something substantial to offer to the world of international relations, debates over sovereignty and humanitarian intervention, matters of war and peace. The surprising results of Bérubé's arguments reveal an American left that is overly fond of a form of "countercultural ...
