The Tribes of the Brahmaputra Valley - A Contribution on ...

They afford, for the first time, exact details of the physical types of most of the tribes of Assam and the Brahmaputra Valley and also for the first time a systematic record of the colour of the skin and eyes all of which data are comparable, in that they have all been collected with scrupulous care by the same observer. The physical types are freely illustrated by photographs taken mostly by the author himself. The text of the book was originally published in the Journal of the Asiatic ...

The tribes of the Brahmaputra Valley: a contribution on their physical types and affinities by Laurence Austine Waddell First published in 1975

Laurence Austine Waddell | Open Library

The Ahoms migrated to the Brahmaputra valley from present-day Myanmar in the thirteenth century. They created a new state by suppressing the older political system of the bhuiyans (landlords). During the sixteenth century, they annexed the kingdoms of the Chhutiyas (1523) and of Koch-Hajo (1581) and subjugated many other tribes.

07: Tribes; Nomads And Settled Communities / Out Pasts - II

The Brahmaputra Valley has attracted waves of human migration from prehistoric times. The earliest people inhabiting this region were the Australoids and the Mongoloids; they find mention in the epics and the Kalika Purana, among others. They were followed by the Caucasoid who came in several waves of migration.

Books by Laurence Austine Waddell (Author of Tibetan Buddhism)

The Boro and Chutia languages share around 55-60% of words which indicates that the two tribes must have separated 1200-1500 years ago. [35] [36] After the advent of Prakrit in the Brahmaputra valley, the language of the Chutias evolved and assimilated with the Prakrit language.

Chutia people - WikiMili, The Best Wikipedia Reader

One of the most beautiful Himalayan Rivers, Brahmaputra runs for 18,000 miles. It is the only river in India with a male name (all other rivers in India have a female name), and is important for its use as a water body and for sanctity to the local Hindus.
