In *Vichy's Afterlife*, Richard J. Golsan explores the complexities of some of the most provocative episodes of Vichy's curious persistence in France's national consciousness. He argues that each of these episodes, events, and scandals constitutes a crossroads where history and "counterhistory"—different or competing versions of the past—encounter one another, often with explosive and even destructive consequences.

Pierre Bonny (25 January 1895 – 26 December 1944) was a French police officer. As an inspector, he was the investigating officer on the 1923 Seznec case, in which he has been accused of falsifying the evidence. He was once praised as one of the most talented police officers in the country, helping to solve the notorious Stavisky financial scandal in 1934.
