FAQ Zebra Programming Language EPL

Zebra Programming Language (ZPL and ZPL II) is a page description language from Zebra Technologies. It is used primarily for labeling applications. The original ZPL was advanced to ZPL II, but a full compatibility with the older version is not given. Meanwhile, ZPL II is emulated by many label printers of various producers.

ZEBRA S4M USER MANUAL Pdf Download.

Zebra Programming Language II (ZPL II) is a high-level label definition and printer control language. Labels may be defined in ZPL II Language and generated by a host computer system. A commercial label preparation system or a software package which automatically generates ZPL II Code may also be used.
